"Be an interested student. An interested student gets the best out of a teacher. The best teachers will not give you something to drink, they will make you thirsty. They will put you on a path to seek answers."

Shiv Khara
You Can Win, London 1998

"The globalisation of the economy and its concomitant demands on the workforce which requires a different education that enhance the ability of learners to access, assess, adopt and apply knowledge, to think independently, to exercise appropriate judgement and to collaborate with other to make sense of new situations. The objectives of education is no longer simply to convey a body of knowledge, but to teach how to learn, solve problems and synthesize the old with the new."

Global information
Infrastructure Commission (GIIC)

The illiterates of the 21st century will not be those who cannot read and write but those who cannot learn, unlearn and relearn.

21. Promotion to higher class, selection for university examinations and issue of progress attendance/conduct certificates are within the discretion of the principal.
22. The Principal will have the right to issue transfer certificate to a student admitted to the college without an application from the student or the guardian at any time of the course of study in the college without assigning any specific reason if he considers that his/her presence is not desirable in the college.
23. No collective representation from students will be entertained.

24. Irregular attendance, insubordination to teachers, habitual absence to class work, obscenity in word or act are sufficient reasons for the permanent or temporary dismissal of students.
25. Students should take note of the notifications on the notice board everyday before they leave the college. Failure to look at the notice board will not be an excuse for any omission or commission.
26. Absence from examination / test papers will be treated as a serious breach of discipline and shall invite disciplinary measures.
27. Ragging, teasing, intimidating and harassment in any form meted out towards fellow students and girl students in particular within the campus or outside are cognisable offences and students are expressly prohibited from indulging in such activities.
- In the light of the directives contained in various court judgements in recent years, it is mandatory for the Principal to report all cases of ragging and harassment to the police.
28. The use of mobile phone is restricted in the campus. Inside the campus, students are expected to put their phones in the silent mode. Under no circumstances mobile phones should be used inside class rooms, corridors, library and auditorium.
29. In all matters of conduct in and outside the college not specifically mentioned here, students are expected to conduct themselves with decorum, keeping up the reputation of the institution.
30. Principal shall be the final authority in all matters regarding discipline and he shall also have the authority to decide on any issue not specifically covered by the existing General Rules mentioned here in.
31. Students are expected to bring their ID card & Handbook everyday.
32. Progress in Attendance of the students shall be intimated to the parents regularly.

2. A proposal to CALEM (AMU) for workshop to principals may be submitted.
3. Research promotion council shall conduct a paper presentation series for faculty members.
4. SQAC shall be setup to incorporate student's suggestions for quality improvement.
5. Draft Plan of action for the year 2019-20 was presented. Modifications were suggested and plan approved as follows

Plan of Action

- **Faculty Development Programmes:** Participation of faculty members in the Professional Development Programmes conducted by University Human Resource Centre may be encouraged. Institution may take initiatives to host faculty development programmes under schemes like CALEM. IQAC itself should organize faculty development workshops.
- **Student support programmes:** In order to cater to student diversity and hence to improve the standards of learning the functioning of various schemes like Walk with a Scholar Support Programme is to be improved. Remedial coaching programme need to be strengthened.
- **Scholarships:** Students should be made aware of all kinds of scholarships available to them and should be encouraged to apply for them. Regular monitoring of the sanction of the scholarships and the amount received should be done
- **Promotion of research culture in the institution:** Active research is to be promoted in the Department of Chemistry. More faculty members of Chemistry

may apply for research guideship. Faculty members do not have PhD may enroll for the same at the earliest. The Research Promotion Council may take steps to organize a paper presentation series, where research papers of faculty members doing PhD can be presented once in a month.

- **Consultancy division:** In order to promote the industry institution interaction, consultancy division is to be set up in the next year. The sophisticated facilities that are acquired through the DST-FIST fund are to be made available to people from industry and to research scholars from other institutions. For this, testing charges may be levied which can be used for the maintenance of the instrument.
- **Major and Minor research projects:** Faculties having PhD may apply for at least one major research project in the coming year and others should apply for UGC minor projects.
- **Faculty Development Programmes:** Participation of faculty members in the Professional Development Programmes conducted by University Human Resource Centre may be encouraged. Institution may take initiatives to host faculty development programmes under schemes like CALEM. IQAC itself should organize faculty development workshops.
- **Involvement of students in quality enhancement activities of the college.** IQAC should incorporate coordinators of all classes to form a student's wing. All the clubs and forums of the institutions should have a student coordinator.
- **Student Projects:** Projects of Post graduate students of other institutions may be undertaken by faculty members. They can use the facilities of the laboratories and nominal fees may be charged from the students.
- **Paper presentation/Participation in Seminars:** Paper presentations/participation in international/national seminar may be encouraged. All the faculty members should have attended at least one National seminar in other institutions in a year.
- **Use of Library and ICT facilities:** Use of library and general reading may be encouraged by giving seminars/presentations/debates in general topics. INFLIBNET usage should be promoted.
- **Career Guidance Cell:** Career Information Cell may take serious steps to conduct more number of campus recruitment drives.
- **Student Techie and Lingua Competencia:** These programmes are to be continued for the coming years.
- Use of Department reading rooms may be promoted
- The notice boards kept in front of departments should be regularly updated.

Personal counselling 2015-2016

Few students showed the symptoms of depression and absentmindedness in the class. Therefore personal counselling was facilitated for two BA English Students by Najila TY, and for four Zoology Students by Khairuneesa, during the academic year 2015-2016. Later Campus Counselor N M Varghese Provided counseling for those Students.

WWS REPORT 2018-2019

1. Selection of Mentees

After the sanction of the programme for the present academic year is granted by the New Initiatives Office, in the month of October 2018 itself the selection procedure of WWS mentees from various departments was conducted. The students were selected from the bio data that they had provided and on the basis of the performance in speech and Group Discussion. The interview panel consisted of IQAC Coordinator Dr. Rajesh, Dr. Sailaja, Prof. Najila T Y, Head of the department of English, and Prof. Reji A L, WWS Coordinator. From the published rank list thirty students were selected from first year. New students were accommodated in the vacancies of discontinued students from the previous year rank list.

4. MOCK EXAMINATION

Mock JAM exams for Physics, Chemistry, Zoology were conducted separately on 25th February 2019, 27th February 2019 and 23rd February 2019 respectively. Question papers were prepared by the experts and answer sheets were evaluated and the answers were discussed with the students. Chemistry JAM exam was conducted by Dr. Rajesh; Zoology by Jisha Krishnan and Physics by Dr. Nabeel Rashin.

Mock CAT exam was conducted on 27th February 2019 by Prof. Sini, department of Commerce and Mock TOEFEL exam was conducted by Prof. Najila T Y, HOD, department of English on the same day.

5. MOCK INTERVIEW

A Mock Interview was conducted for all WWS second year students on 27th February 2019. After collecting bio-data from students, a real interview situation was created by the experts.

Prof Santhakumari P. was the external expert in the panel. The other members were Dr. C. Rajesh, IQAC Coordinator and Najila T Y, HOD department of English. After the interview, a feedback session was arranged by the panel members with the students.

MOTIVATIONAL VISIT AND CAMP

MOTIVATIONAL VISIT AND MOTIVATIONAL CAMP REPORT

DAY ONE 13/02/2019 – Evening 5.30 pm

The motivational visit of Walk With Scholar headed towards Chennai on 14th February 2019 1st 5:45 Pm from our college, MES KVM College Valanchery. Our team included fellow walk with a scholar mentees, Dr. Rajesh (chemistry department), Reji A L (English department), Jisha Krishnan (Zoology department) and Sini (Commerce department). It was a group of thirty second year students and four teachers. The journey in the bus was utilised with effective session of Self introduction by all team members consisting of five or six members from a department. Everyone introduced themselves in their own special ways and answered questions followed. This question answering session helped to serve as an ice breaking session too along with nurturing one's speaking skills as well as questioning and answering skills.

DAY TWO

IIT CHENNAI -14/02/2019 Morning 10.00

The team reached Chennai at 8 30 am and kept their luggage in youth hostel, Chennai. After freshen up, the group had had their break fast. Then without delay, we headed towards our main destination, Chennai IIT. Indian Institute of Technology and reached their at 10.00. The campus amazed us with its vast area and the atmosphere inside it created a totally different world for the group. We saw bicycles all over for the travel of IIT students. Actually, we'll be motivated when we just see them letting the wind rush at their face riding on the bicycle. The group interacted with the research scholars of IIT about their efforts and hard work to reach here. The eco-friendly campus of the IIT with deers and monkeys here and there, gave a warm welcome to the team. It was nice to walk through the campus which seemed like some cleared forest or park. All of those huge trees, deers, monkeys, cycles and people added to the enchantment of the atmosphere. As the next session, the students' group interacted with Dr. Prasad, Coordinator of Research Cell in the department of chemistry, IIT. We were glad and proud at the same time to know this reputed IIT professor Who is a Malayali and raised from the same locality of our college, Valanchery. Talking to him thus created a special effect. He introduced his senior research fellows before us and asked them to guide us to see the equipments of Chemistry Lab. All the giant machines were enough to evoke a sense of curiosity in the students. We felt lucky to know about well defined instruments and their mechanisms from IIT itself. The guide explained everything to us in simple language without

making us bored. He never let us think he is not a Malayali. We got the opportunity to know about various instruments and their mechanisms like Fluorescence meter, High resonance mass spectrometer, UV and IR spectrometers, Thermo Gravimetro Analyzer etc.

We proceeded to our next visit after Lunch. It was to Physics department. We saw all of the magnificent technology they used in their labs. We were curious to be in low temperature Physics Lab. The group saw the production of liquid nitrogen and liquid helium. Even though everyone was not from science departments, we all felt that very interesting. The research scholars there demonstrated the coldness of liquid nitrogen very clearly. He pumped the liquid outside and it evaporated simultaneously when it came to room temperature. It was wonderful to see how leaf, rubber, balloon etc. interact with the liquid nitrogen. He explained how liquid helium was produced and why it can't be demonstrated like nitrogen. He was so friendly and he explained everything in a detailed clear manner. So, the students were very curious to ask more questions. They were lucky to interact with research scholars of IIT. The group were motivated when they realised that there were Malayalees there among the students of IIT. It was very fabulous to see devices like Raman's spectrometer. We lived this much not knowing all of these things really exist. It was enough to evoke scientific temper even to the arts students. After exploring the main departments, the students roamed in bus through the campus just to see the areas. The team said good bye to that world and travelled to Marina beach, India's longest beach. We can't leave Chennai without seeing this beach once. It was that much vast. All stood calmly under the stars and gifted our ears to the low mumbles of wind bearing waves. There we had the most memorable moments with friends when the waves washed away our legs and we walked to the tides holding hands, facing the wind. We returned after dinner with all those moments close to heart.

DAY THREE – Morning 15/02/2019 MUSEUM, CHENNAI

On the third day on 15th February 2019, we set off in excitement to visit national museum at Chennai. It is one of Chennai's greatest privileges. The buildings of the museum were historical and enchanting. They reminded us the palaces of ancient princes. We explored several blocks. The archeology department was informative about the different kingdoms of Chola, Chera, Pandya, Pallava and Mauryas and also interesting. The sculptures excavated from our lands told the story of human being. The curiosity to know about ancient civilizations was abound while seeing those perfectly crafted sculptures. The bronze gallery was decorated with the presence of deities. We were dazzled to see Natesha and Nataraja engraved in bronze. There were foreign tourists actively enquiring about all those bronze

figures. The paintings of Raja Ravi Varma attracted everyone with the originality and enchanting beauty. There were most of Ravi Varma's treasured collections and a lot of contemporary paintings in the art gallery. The students got the opportunity to know about several mediums of art like lithography, Oil painting etc. Science gallery and children's museum were equally amazing. The group saw Indian costumes, people etc there. Several plants were there blushing with brisk life. Spices, oils, perfumes, cosmetics... everything were there, and all of them served a wonderful feast to our eyes. The students experience the unity in diversity once more. The sight of musical instruments were mellifluous. Those ancient scriptures told several stories of untold past. They were mysterious and interesting. There were scripts like Brahmi which tend to sing the tales of past civilizations. The mysterious aura around all of them created a special atmosphere of wonders. We said good bye to that yard of sights in the satisfaction of a morning well spent.

DAY THREE – Afternoon 15/02/2019, LOYOLA COLLEGE, CHENNAI

The next destination in our journey was Loyola college. The team reached there after our lunch. The atmosphere of Loyola was specialized with unique buildings. The group received a very warm welcome in the executive conference hall by the vice principal and IQAC co-ordinator. They interacted with us in a very friendly manner. Vice principal talked us about the principles, aims, objectives and dignity of the institution. The concept of learning is associated with social service in their college. Their aim itself is to generate men and women effective and useful to society and evoke social commitment in students. The motto itself gave a special energy: "Let your light shine". The students learned more about 'Loyola culture' through his speech. He also answered patiently to their doubts. He explained more about admission procedures like entrance examinations and interviews to get selection there. As an answer to the students' question, he explained about 'Incubation centre' and young minds' creative centre, 'Research park' in Loyola. IQAC co-ordinator Dr. Xavier explained us about study skills: critical thinking, active reading, effective note taking and strengthened writing. He inspired us with the quote of APJ: "I am the best, I can do it, god is always with me, I am the winner, and today is my day." The group were served with tea and snacks after the sessions. The enthusiastic and energetic group of us stepped outside to see various departments. Merely walking through the alleys brought a positive energy. The group visited the renowned Life Science department and Zoology department. We listened to the lectures about various zoological instruments using the principles of polymerised chain reaction, High power thin layer chromatography, atomic absorbant spectroscopy etc. There

"Success never move away from you, unless you move away from it!" We talked a lot with Paul Raj sir, who is in-charge of research students. He is a very friendly and funny guy. More than a friendly talk, it was a transmission of cultures, and information transfer. He was our guide to show us the departments and the campus. We went to the fabulous church inside the campus. The architecture of the church is mind blowing. The whole group totally melted in that divine atmosphere. After that visit, we walked through the campus and saw library and several departments. We talked to malayali research scholars. They were very friendly and amazing. It was nice to know malayalis were here too.

END OF THE JOURNEY FOR THE BGINNING OF A NEW ONE

Morning 16/02/2018

It was sad to say good bye to that peaceful atmosphere and positive energy. We finally said good bye to our last destination in the trip. We were all prepared to return back home. It was a long journey ahead. On the way we were sorted as five groups and given topics about role of youth in safe guarding national security, positive use of internet, improving the quality of institutions, social services, etc for Group Discussion. Each group presented their creative solutions after an active discussion with all of the credible details collected and ideas generated. Our group presented the ideas about role of youth in safeguarding national security. We took security in a wider aspect and explained deeper about it. After that session, everybody explained their feedbacks and experiences in the whole journey effectively. That was the last session in the journey. Everyone had gone to rest after that. After a night long journey, we reached our college at morning. We were in a special feel as if we are returning from a different world. We returned to our homes peacefully, bearing the thoughts of a long journey with a bunch of positive memories and motivation. Eventhough the students were exhausted of the journey outside, we had that spark of inspiration burning inside. On 16th February 2019 morning 9..00, the group reached in the college.

SCHOLAR SUPPORT PROGRAMME

ANNUAL REPORT (2018 – 2019)

MES Keveeyam COLLEGE VALANCHERY

Scholar Support Programme started in our college in the year 2014 – 15. Initially it was started for all UG classes but for the year 2018 – 19 it was implemented for 1st year UG classes only. The first one day training programme for the academic year 2018 - 19 for the Coordinators held at Loyola College, Sreekaryam, Thiruvananthapuram on 13.09.2018. A detailed guidelines about the implementation of the programme was obtained from this training programme. A monitoring committee was constituted consisting of IQAC Coordinator, HOD's of various departments and staff secretary. After this a faculty meeting was convened on 20th September 2018 itself to discuss about the implementation of the programme for the year 2018 – 19. In the meeting it was decided to give a detailed orientation to the students regarding the programme. Accordingly a team consisting of IQAC Coordinator, SSP Coordinator and staffs visited each class and conducted a detailed orientation among the first year UG students. 40 Students belonging to 5 departments (8 students from each department) were selected after closing the UG admission procedures. The selection was made based on the Higher Secondary marks of the students.

In the first week of October another faculty meeting was convened in the presence of the Principal, IQAC Coordinator and SSP Coordinator. In the meeting it was decided to start Internal and External Mentoring classes for selected students. Trainers were informed to take the attendance of the students too. A total of 70 classes (14 classes per department) were decided for Internal Trainers. The subjects were selected according to the needs of the students. Classes were arranged for English Complementary, Maths Complementary, Chemistry Complementary, Computer science Complementary and Commerce core. Students meeting were convened in the month of December itself to get a feedback of the classes. Stationary kits consisting of a file, notebook and pen were distributed to the students. Susmi K Skarya (Dept of Physics) was selected as student's coordinator.

Classes started for external mentoring in Learning Skills, Life Skills and IT skills. The list of experts and syllabus was provided by the Directorate of Collegiate Education. A total of 4 classes for Learning Skill, 32 classes for Life Skills and 24 Classes for IT skill were taken by experts. From the feedback collected from students it was evident that all these classes were very helpful and effective for them.

This year the activities of SSP were much different from previous years. It was for the first time that 60 classes were provided for External Mentoring. These classes were very effective and helpful for students in identifying the reasons of their own difficulties in learning and empower them with skills to learn efficiently. A book to collect the bio data of the students were given to the faculty. Examinations were conducted at the end of each semester to evaluate the progress of the students. Since the willingness was sought from the students and a very good awareness was given at the beginning itself, the problem of attendance shortage was not there this year. A total amount of 85,500/- (Rupees Eighty Five Thousand Five Hundred only) received was effectively utilized this year for the conduct of the programme. The Principal, Co Ordinator, Staff and students of the college are immensely obliged to The Office of the New Initiatives for their immense support and guidance.
