## **'SNEHA SPARSHAM' -PALLIATIVE ACTIVITIES**

### **Awareness Class**

The NSS unit Organized palliative awareness class for newly enrolled volunteers to familiarize them about the various fields of palliative activities on 16<sup>th</sup> November 2018. Mr. Sharafudheen, Palliative Worker spoke to the students and share the necessity to care the needy people. 61 students participated.

- **Green Palliative**

Volunteers started a new venture to raise fund for palliative activities on 15<sup>th</sup> January 2019. They made paper pen and sold among teachers and students of the college as well as in nearby schools. 61 students and the concerned teachers visited 6 nearby schools and the event was inaugurated by Capt. Dr. Abdul Hameed C., Principal.

## **'ABAHYAGEHAM' - KEY HAND OVER CEREMONY**

Dr. Fazal Gafoor, President of Muslim Educational Society, Kerala handed over the key to Smt. Ummukulsu, Irimbiliyam Grama Panchayath on 18<sup>th</sup> December 2018 in order to flower the dream of a poor family and to understand the value of secure shelter. About 100 students participated in the event.

## RED RIBBON CLUB& NSS- DAY CELEBRATIONS

On 13-08-2018, the Red Ribbon Club observed the International Youth Day, 2018 most appropriately by displaying charts highlighting the issues regarding the safety of the youth in this modern world. The principal inaugurated the function by unveiling a chart in which the sayings about youth were highlighted. He addressed the students on the issues of leadership qualities and utilization of teenage energy for the upliftment of the nation as a whole. After that he gave the prizes to the students who presented a lecture on the topic "Safe Spaces for Youth".

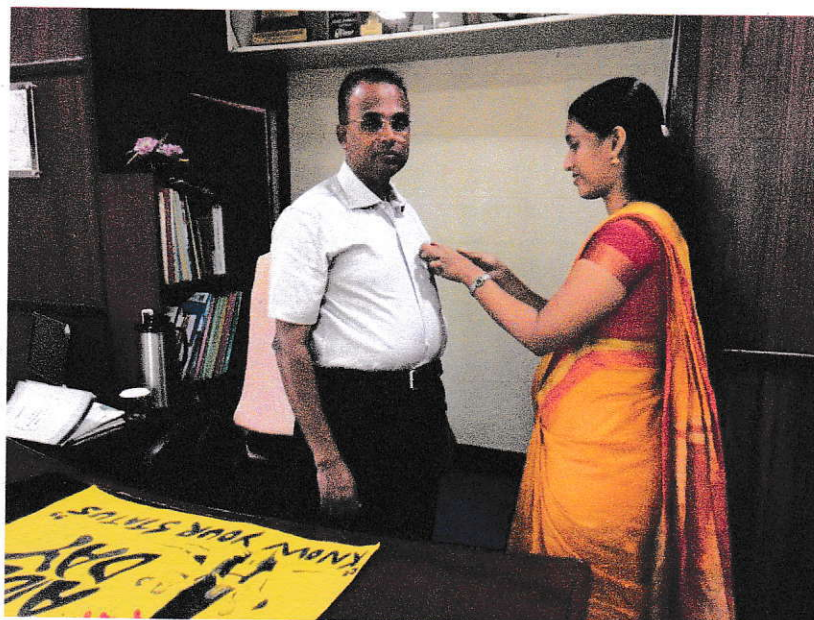

An inter-department class competition on the topic “Safe Spaces for Youth” was conducted and students actively participated in the competition.

The club also observed the World AIDS Day to admonish all the students of our college the different ways in which AIDS can occur. We displayed charts and a chain containing all the AIDS status (themes) so far. An essay writing competition was also organized as a part of the event on the topic "Know Your Status" (this year's theme) and the winners were congratulated. About 70 students participated in various activities

## GREEN CAMPUS CLEAN CAMPUS- APPLICATION OF 3R PRINCIPLE

The volunteers collect all the plastic waste left after a programme in the campus. They sold it to scarp sellers. The amount was deposited in palliative boxes mounted in class rooms. About 89 students were participated in this programme which was inaugurated by Dr. Abdul Hameed C, Principal. This was a continuous venture started on 09-12-2018 and extended to 25-03-2019.

- **DONATION OF MEDICAL EQUIPMENT AND FUND**

The NSS unit donated medical equipment kit containing urine bag, catheters, syringe, glove, etc to the palliative clinic and donated an amount of Rs.45,000/- to the palliative cell on 18<sup>th</sup> March 2019. They collected this amount from the boxes fixed in the class rooms and from green palliative venture. Principal Capt. Dr. Abdul Hameed C. handed over the equipment and the money to Sri. Muhammed Salim, Secretary Valanchery Pain & Palliative society. One hundred volunteers participated in the event.

## PEN & CHALK MAKING

The activities of this year started on 18 July 17 with a class on Pen & Chalk making for all chemistry students. A novel initiative from chemistry department has won the hearts of students in college. A refill covered by attractive waste paper to give it the requisite thickness has proved to be a convenient and cheaper pen for students. It can be made in no time at a cheaper cost one third of a regular pen and it is more ecofriendly. This initiative by the students of Chemistry Department has been appreciated by both students and teachers alike. Each pen was sold at Rs 5/- and a total of 1500/- has been collected and handed over to Pain and Palliative Care Unit.

## Survey : The Flood Impact On The Biodiversity Of Irmbiliyam Panchayath

Date: 23-10-2018 & 24-10-2019

The Kerala State Biodiversity Board conducted a "Rapid assessment of Biodiversity of Flood affected Areas of Kerala" as per the instruction of the Kerala Government in association with KILA. As part of this, the Department of Zoology was entrusted with an assessment survey on the Impact of Biodiversity on Irmbiliyam Panchayath, one of the worst affected Panchayaths in the Malappuram district. Two faculty from the Department, Krishna Prabha.K S and Thushara U attended a 2 day state level training workshop at Karmasadan, Alappuzha. The participants were trained to use the ODK software that is used in the survey. The survey was conducted in 2 days

## Survey in Flood affected areas

Students of Physics department conducted a survey in the most flood affected areas in the vicinity of MES KVM College on 28<sup>th</sup> August 2018. August 2018 saw the one of the worst disaster that Kerala has ever faced. The flood has adversely affected the lives of thousands of people. Therefore this survey was conducted to study the negative impact that followed the disaster. Nedugottoor and Vadakkumuri were the places chosen by our students. These places being close to the fields had been completely destroyed by the flood. They received several forms of help during and after flood, but the aftermath of the disaster was still prevalent. Availability of clean water and waste disposal are some of the major problems faced by them. It was very clear from the survey that electric waste disposal is a major problem. The electric waste accumulated during the flood is not reusable. But there is no proper step taken to recycle them. So this is a problem for the people living there. Also the houses have suffered partial destruction during the flood. Many had not received the money for reconstructions. Physics department has made LED in association with students from Kallady College. So it was distributed to one of the students in our college whose household was badly affected during the flood. 20 students participated in the survey.

### **Installation of a biodegradable plant**

Another initiative was the installation of a biodegradable plant in the nearby village by the department on 26<sup>th</sup> November 2019. The biodegradable house hold waste is passed through a locally made apparatus and fed to a waste eating fly called black soldier fly which converts waste in to larve and slurry. The larve thus used as an ideal feed for poultry and fish. The villages were appreciative of this project and they have replicated same in other houses as well. 7 Students participated.

**"Smrithipadhangal thedi"- 11/01/2019**

The students gathered in our campus at around 6 pm on 10<sup>th</sup> Thursday. They started from the college by 7 pm with the guidance and company of our HOD Sebin, accompanied by other teachers Shabeeba and Dhanya.

We let off almost at 10 am in the morning to Govt. Tribal UP School, Pinavoorkudy, at Kothamanagalam. We reached our destination by 11 am. We had a psycho education training session in which we made them play games which paved the ways to goal setting, motivation and problem solving strategies. We began our sessions with a few ice braking activities. The children were really enthusiastic and we could see the eagerness in their eyes. And finally we gave small tokens of appreciation for the winners and at last they even took a pledge that they would work hard and achieve their goals at any circumstances.

Then we visited the uriyampatty tribal colony, Deep within the jungles of Malayattor forest division live 76 Muthuvan families, cut off from the rest of the world .The government too has stepped in with various welfare measures, but any substantial improvement in their daily grind remains a dream.

We visited them and tried to know more about their lifestyles, how they met their daily life demands. From the interaction we had with them, we could understand that they earned their life mainly through National Rural Employment Guarantee Act in which they involved in apiculture, candle making and other agricultural activities. Through the psycho education at the colony, we tried to improve their awareness of quality and effectiveness of the mental health services. We gave chocolates and color pencils to the children. They were really welcoming, and even offered us honey which they have collected from the forest. They talked about the benefits and uses of honey and honey comb, how they collected it. They also gave us a brief description about

the candle making process. From this interactive session we could conclude that they were really attached to the nature and adapted such a way of living.

The extension activity gave us real insight of the give and take nature of knowledge. The Uriyampatty tribes enhanced us with their own kind of knowledge which we won't be able to find in any of our books. Hospitality is something which pleases all, no matter whether literate or illiterate, civilized or uncivilized and that was one among the lessons they taught us. They paved us a different path taking us closer to the nature which was a rare experience for us. Twenty six students participated.

## Visited VKM Special School

A day at V KM Special School at Vengad on 13/2/19 .is one of its kind in the district and has differently abled students as its learners. They have a special system of education to cater to their needs. The students of First year B SC Polymer Chemistry visited V K M Special School in connection with the Children's day celebrations. They conducted cultural program and distributed sweets to the students of the school.

## Workshop on LED preparation

The department of Physics conducted a one day workshop on LED preparation on March 22<sup>nd</sup>, Friday, 2019. The program was conducted in association with the LED club from MES Kallady college, Mannarkkad. The presentation was headed by Rohith.K.V, Aswin Raj, Ashique, 2nd year physics students from Kallady college. Rohith K.V is a member of the entrepreneur development club and also the LED club coordinator. Aswin Raj is a NCC representative in the 2019 Republic Day rally. Ashique is a national level winner at the idea representation competition. The gathering was addressed by HOD of Physics department AMP Hamza sir, senior professor of physics department Dr.U Sailaja ma'am, IQAC coordinator Rajesh sir, and Commerce department professor Razak sir. Then the students from kallady college presented a brief description about their journey, starting from a small idea. Then some basic ideas about LED were shared. Subsequently the gathering was taught to assemble a LED in groups. Later each group was provided an opportunity to solder and present the LED made by them. The program in total was a great success. 20 students participated.

## REPORT

Ministry of Human Resources Development (MHRD), Government of India has launched the national programme called Unnat Bharat Abhiyan (UBA), with the vision to involve professional and higher educational institutions in development process of rural areas in our country to achieve sustainable development and better quality of life. Mes Ke Vee Yam College, Valanchery has been designated to be the National Coordinating institute by the MHRD.

The official inauguration of the programme was done in our college on 1<sup>st</sup> March, 2019, Friday at 11.AM. the programme was inaugurated by the Mr. A.P.Unnikrishnan, President, District Panchayath, Malappuram.

Programme Nodal officer : Dr.Rajesh A, Assistant Professor, PG and Research Department of Chemistry

Programme Co-ordinator: Dr.Divya M , Assistant Professor, PG Department of Commerce

Our institute is one of the active participants for UBA. The college has adopted a cluster of five villages in Malappuram District in Kerala.

The Villages adopted are as follows:

1. Irimbiliyam
2. Athavanad
3. Marakkara
4. Kuttippuram
5. Valanchery

As the first step of the programme, the college conducted a village survey and Household survey . All the first year students of our college was participated in the survey
