MES KEVEEYAM Valanchery, Malappuram

Sub : Request for conducting tensile, flexural, compression, hardness and impact test on composite specimens.

Sir,

I am from the department of mechanical engineering of Government Engineering College Kozhikode. As a part of our final year project, we need to conduct tensile, flexural, compression, hardness and impact test on the composite specimens. So, we humbly request you to grant permission for this testing. Also we will bear all the expenses for the testing

Yours faithfully,

Sarath T
