PEN & CHALK MAKING

The activities of this year started on 18 July 17 with a class on Pen & Chalk making for all chemistry students. A novel initiative from chemistry department has won the hearts of students in college. A refill covered by attractive waste paper to give it the requisite thickness has proved to be a convenient and cheaper pen for students. It can be made in no time at a cheaper cost one third of a regular pen and it is more ecofriendly. This initiative by the students of Chemistry Department has been appreciated by both students and teachers alike. Each pen was sold at Rs 5/- and a total of 1500/- has been collected and handed over to Pain and Palliative Care Unit.

Report on

Plastic free village- Distribution of cloth carry bags at Mayiladi Village

Now a days we can't imagine a world without plastics. Even though it has a major role in the development of the life style of human being, its uncontrolled usage negatively affect the existence of the life of many living things in the earth. So in order to reduce the pollution due to plastic, first of all we have to reduce its use as much as possible. The NSS unit took an initiative to make the adopted village, Mayiladi, plastic free by distributing cloth carry bags in each and every home. The programme was conducted on 2/10/2017.
