- **Student Support**
- **Skill Development and vocational training**
- **Entrepreneur Incubation Centre**
- **Fully automated and digitized library**
- **Infrastructure augmentation**
- **Research and Consultancy**
- **Community Outreach**
- **E-Governance**
- **Centre of excellence and autonomy**

STRATEGIC GOALS

Technology enabled teaching learning

The goal is to enhance the use of technology in teaching-learning process along with direct classroom experience in line with the UGC policy of blended learning

- SMART interactive boards in all class rooms
- Comprehensive use of own Learning Management System
- Expansion of e-content development centre with more advanced facilities
- Faculty empowerment programmes to equip the teachers with current and changing trending in the pedagogical methods.

Student Support

As the most important stakeholder of the institution, utmost importance is given to student support activities

- More number of scholarships to deserving students
- Competence building programmes
- Soft skill enhancement programmes
- Coaching for competitive examinations
- More number of campus placement drives

Skill Development and vocational training

In line with the National Skill Qualification Framework (NSQF), the institution envisages to give utmost importance to vocational training and skill development

- More number of B Voc courses
- Skill oriented add on certificate course in collaboration with competent agencies
- Part-time job oriented courses
- Providing opportunities of internship for general graduate and post graduate programmes also even though it is not there in the curriculum
- Providing industrial experience for students of all courses

Entrepreneur Incubation Centre

The vision is to promote innovative ideas and entrepreneurial skills of students and thus helping them to build business or start up

- Setting up of incubation centre for entrepreneurs
- Collaborating with pioneering institutions for incubating students for transforming innovative ideas to productive technology
- Financial assistance to begin start up and enterprises through PTA and management
- Activities of 'Jevvanam' (the facilitation centre for self-employment of girls) to be promoted
- Activities under Innovation Council and IEDC to be promoted

Fully automated and digitized library

The importance of library as a learning resource is fully taken into consideration in setting goals.

- Complete automation of library including RF Id facility
- Digitization of text books and reference books
- Remote access to all resources through secured login
- More number of e-journals in the library

Infrastructure augmentation

In order to accommodate the new programmes and courses and to improve existing facilities infrastructure additions are envisaged.

- New academic block
- Indoor stadium
- Renovated multi-gymnasium
- New Auditorium
- New laboratory for Food Technology
- Multimedia studio

Research and Consultancy

The research activities in the two research centres (Chemistry and Commerce) are to be promoted and consultancy services to be enhanced.

- Quality research publications in peer-reviewed international journals
- Patents by teachers/students
- Paper presentations in international/national conferences (Financial assistance to be continued)
- More number of research projects to be undertaken by faculty (Research grant from management to be continued)
- Industry-academia collaboration
- Consultancy wing to be strengthened.

Community Outreach

Extending the resources of the college to community is taken as our social responsibility and various activities are envisaged

- More number of rural development initiatives in the adopted villages under Unnat Bharat Abhiyan
- Swachhta related activities under MGNCRE and promotion of green practices
- Helping the community in post-COVID pandemic period

E-Governance

A thorough transformation to complete e-governance in all the areas is envisaged

- New software for administration, academics and accounts
- Digital Document Filing System
- Paperless Office
- Frequent training to administrative staff

Centre of Excellence and Autonomy

Through the continuous activities for quality enhancement, we would like to provide a centre of excellence and hence get recognition as an autonomous institution.
