28/06/2022

Dear Students,

In connection with the college policy of the reduced usage of plastic in the campus, starting from 1 July 2022, a designated bin will be placed near the reception for the collection of used pens. This project aims to promote sustainable practices by recycling plastic waste and reducing our environmental footprint. We encourage all students to participate by depositing any used or empty pens in the bin rather than discarding them.

Students are directed to maintain a clean and sustainable campus environment by using the waste bins designated for specific types of waste. Kindly follow these guidelines provided by the College. **Use the designated bins only.** Please dispose of your waste only in the bins provided in various campus locations. **Avoid Littering.** Ensure all waste is deposited in the appropriate bins. Let's work together to maintain a clean and eco-friendly campus. Your cooperation is essential in maintaining the high standards of cleanliness and sustainability that we uphold. Thank you for your cooperation and effort in making a positive difference.
