VALANCHERY**

**Affiliated to University of Calicut
'Reaccredited by NAAC with A+ Grade'**

PREFACE

Though the world had slowed down by the restrictions of the Covid pandemic, this academic year at our college was tumultuous. With the long-awaited NAAC visit and a plethora of events happening in terms of faculty and student enrichment, the year was a hugely productive. The visit is easily the most important event. The preparations for the visit and the visit itself was successfully organised by the IQAC along with support from the college management. The institution being a Mentor college under Paramarsh scheme, conducted various seminars and workshops on quality enhancement at the institution and the mentee colleges. FDPs were conducted for faculty empowerment and seminars in various disciplines were conducted. Skill development for students and career guidance were organised.

We have tried to act most efficiently under the limited social conditions to deliver quality education. Over time, we have evolved the most effective procedures of curriculum transaction in the circumstances.

Several other programmes were conducted in the college in which there were creative involvements of the internal quality assurance cell in one form or another. We would like to thank all stakeholders for their contributions in various activities for quality enhancement.
