WWS REPORT 2018-2019

1. Selection of Mentees

After the sanction of the programme for the present academic year is granted by the New Initiatives Office, in the month of October 2018 itself the selection procedure of WWS mentees from various departments was conducted. The students were selected from the bio data that they had provided and on the basis of the performance in speech and Group Discussion. The interview panel consisted of IQAC Coordinator Dr. Rajesh, Dr. Sailaja, Prof. Najila T Y, Head of the department of English, and Prof. Reji A L, WWS Coordinator. From the published rank list thirty students were selected from first year. New students were accommodated in the vacancies of discontinued students from the previous year rank list.

1.1 List of Mentees selected from first year

Sl. No	Name	Permanent address	Course (BA/B.Sc/B.Com) with Main	Plus two marks (%)	Contact number	E mail

2. EXTERNAL MENTORING

2.1 LIST OF EXTERNAL MENTORS

SL NO	NAME	Date	DESIGNATION
1	Dr. P. Mohamed Rafeekh	24/11/2018	Retired Professor
2	Dr. P. Mohammed Shafi	19/01/2019	Retired Professor
3	Dr. P. Mohamed Rafeekh	01/12/2018	Retired Professor
4	Dr. Mary Matilda P. V.	17/12/2018	Retired Professor
5	Jayesh J. L.	20/02/2019	
6	Dr. M. P. Sujatha	26/02/2019	Senior Principal Scientist
7	P. V. Alby	22/02/2019	Journalist and Translator
8	Dr. A. Sujith	25/02/20119	Associate Professor of Chemistry, NIT Calicut
9	A. V. Sathish	23/02/2019	Scientist
10	Jalil M. S.	26/02/2019	Career Guru
11	Jalil M. S.	27/02/2019	Career Guru

2.2 EXTERNAL MENTORING SESSIONS

Dr. Rajfeekh, , Retd. Principal, conducted a session on Goal Setting, Life Skills and Stress Management on 24th November 2018. On December 1st 2018, Dr. Rafeekh engaged sessions on Time Management, Stress Management and Anxiety Management. Dr. P. Mohammed Shafi, department of Chemistry, University of Calicut interacted with the students and discussed the topic Chemistry in Day to Day Life on 19th January 2019. Dr. Mary Matilda P. V. engaged sessions on Self Concept, Communication Skills, and Behavioural Skills on 17th December 2018.

Jayesh J L handled a session on Campus to Corporate on 20th February 2019 at the AV Hall. Dr. M. P. Sujatha, senior principal scientist KFRI, engaged a session on Goal Management on 26th February 2019 at AV Hall. P. V. Alby, a renowned translator and Journalist interacted with the students of WWS on 22nd February 2019 on Trajectories of Translation: Quality and Culture in Translation.

A.V Sathish, Scientific Officer, Koodamkulam, engaged a session on Nuclear Energy: The Need, the Perception and Reality on 23rd February 2019. Dr. A. Sujith engaged a session on Spring Season of Chemistry on 25th February 2019 at AV Hall. On 26th and 27th February, Career Guru, Jaleel M S engaged two sessions on Career and Course opportunities in Sciences and Humanities at AV Hall.

PHOTOS

3. INTERNAL MENTORING

Mentoring transforms both the mentors and the mentees.

3.1 LIST OF INTERNAL MENTORS

SL NO	NAME	Date of Completion	DESIGNATION
1	Najila T Y	23/02/2019	HOD &Asst. Prof. of English
2	Dr. Sailaja U.	19/02/2019	Associate Professor of Physics
3	Febina K. Kallidumban	20/02/2019	Asst. Prof. of Commerce
4	K. S. Krishnaprabha	26/02/2019	HOD &Asst. Prof. of Zoology
5	Dr. Rajesh C.	26/02/2019	Asst. Prof. of Chemistry
6	Sivya Vasudevan K. K.	25/02/2019	Asst. Prof. of English
7	Sreeja Lakshmi S.	19/02/2019	Asst. Prof. of Physics

8	Sini V. T.	20/02/2019	Asst. Prof. of Commerce
9	Jisha Krishnan E. K	. 18/02/2019	Asst. Prof. of Zoology
10	K. M. Rukkiya	26/02/2019	HOD & Associate Prof. of English

3.2 INTERNAL MENTORING SESSIONS

All the Internal mentors very actively & sincerely engaged the Mentees in various activity oriented sessions. Professor Najila T Y engaged the mentoring sessions for the First year BA Functional English students. The second year students of English were engaged by Prof. Sivya Vasudevan K. K. The first year BCom students were mentored by Prof. Febina K. and the second year BCom by Prof. Sini V. T. The first Polymer Chemistry mentees were guided by Dr. C. Rajesh and the second year by Prof. Rukkiya K. M. Prof. Krishnaprabha engaged the sessions for the First year Zoology and Prof. Jisha Krishnan mentored the second year Zoology students. Dr. Sailaja U. planned and trained students of the first year Physics and Prof. Sreeja Lakshmi S. engaged the second year students of the same department.

3.3 PHOTOS

You are not a drop in the ocean, you are an entire ocean.

past tense morpheme $/d/$ end with $/t,d/$ end sound is voiceless
$/d/$ end sound is voiced

4. MOCK EXAMINATION

Mock JAM exams for Physics, Chemistry, Zoology were conducted separately on 25th February 2019, 27th February 2019 and 23rd February 2019 respectively. Question papers were prepared by the experts and answer sheets were evaluated and the answers were discussed with the students. Chemistry JAM exam was conducted by Dr. Rajesh; Zoology by Jisha Krishnan and Physics by Dr. Nabeel Rashin.

Mock CAT exam was conducted on 27th February 2019 by Prof. Sini, department of Commerce and Mock TOEFEL exam was conducted by Prof. Najila T Y, HOD, department of English on the same day.

PHOTOS

5. MOCK INTERVIEW

A Mock Interview was conducted for all WWS second year students on 27th February 2019. After collecting bio-data from students, a real interview situation was created by the experts.

Prof Santhakumari P. was the external expert in the panel. The other members were Dr. C. Rajesh, IQAC Coordinator and Najila T Y, HOD department of English. After the interview, a feedback session was arranged by the panel members with the students.

PHOTOS

MOTIVATIONAL VISIT AND CAMP

MOTIVATIONAL VISIT AND MOTIVATIONAL CAMP REPORT

DAY ONE 13/02/2019 – Evening 5.30 pm

The motivational visit of Walk With Scholar headed towards Chennai on 14th February 2019 1st 5:45 Pm from our college, MES KVM College Valanchery. Our team included fellow walk with a scholar mentees, Dr. Rajesh (chemistry department), Reji A L (English department), Jisha Krishnan (Zoology department) and Sini (Commerce department). It was a group of thirty second year students and four teachers. The journey in the bus was utilised with effective session of Self introduction by all team members consisting of five or six members from a department. Everyone introduced themselves in their own special ways and answered questions followed. This question answering session helped to serve as an ice breaking session too along with nurturing one's speaking skills as well as questioning and answering skills.

DAY TWO

IIT CHENNAI -14/02/2019 Morning 10.00

The team reached Chennai at 8 30 am and kept their luggage in youth hostel, Chennai. After freshen up, the group had had their break fast. Then without delay, we headed towards our main destination, Chennai IIT. Indian Institute of Technology and reached their at 10.00. The campus amazed us with its vast area and the atmosphere inside it created a totally different world for the group. We saw bicycles all over for the travel of IIT students. Actually, we'll be motivated when we just see them letting the wind rush at their face riding on the bicycle. The group interacted with the research scholars of IIT about their efforts and hard work to reach here. The eco-friendly campus of the IIT with deers and monkeys here and there, gave a warm welcome to the team. It was nice to walk through the campus which seemed like some cleared forest or park. All of those huge trees, deers, monkeys, cycles and people added to the enchantment of the atmosphere. As the next session, the students' group interacted with Dr.Prasad, Coordinator of Research Cell in the department of chemistry, IIT. We were glad and proud at the same time to know this reputed IIT professor Who is a Malayali and raised from the same locality of our college, Valanchery. Talking to him thus created a special effect. He introduced his senior research fellows before us and asked them to guide us to see the equipments of Chemistry Lab. All the giant machines were enough to evoke a sense of curiosity in the students. We felt lucky to know about well defined instruments and their mechanisms from IIT itself. The guide explained everything to us in simple language without making us bored. He never let us think he is not a Malayali. We got the opportunity to know about various instruments and their mechanisms like Flourascence meter, High resonance mass spectrometer, UV and IR spectrometers, Thermo Gravimetro Analyzer etc.

We proceeded to our next visit after Lunch. It was to Physics department. We saw all of the magnificent technology they used in their labs. We were curious to be in low temperature Physics Lab. The group saw the production of liquid nitrogen and liquid helium. Even though everyone was not from science departments, we all felt that very interesting. The research scholars there demonstrated the coldness of liquid nitrogen very clearly. He pumbed the liquid outside and it evaporated simultaneously when it came to room temperature. It was wonderful to see how leaf, rubber, balloon etc. interact with the liquid nitrogen. He explained how liquid helium was produced and why it can't be demonstrated like nitrogen. He was so friendly and he explained everything in a detailed clear manner. So, the students were very curious to ask more questions. They were lucky to interact with research scholars of IIT. The group were motivated

when they realised that there were Malayalees there among the students of IIT. It was very fabulous to see devices like Raman's spectrometer. We lived this much not knowing all of these things really exist. It was enough to evoke scientific temper even to the arts students. After exploring the main departments, the students roamed in bus through the campus just to see the areas. The team said good bye to that world and travelled to Marina beach, India's longest beach. We can't leave Chennai without seeing this beach once. It was that much vast. All stood calmly under the stars and gifted our ears to the low mumbles of wind bearing waves. There we had the most memorable moments with friends when the waves washed away our legs and we walked to the tides holding hands, facing the wind. We returned after dinner with all those moments close to heart.

DAY THREE – Morning 15/02/2019 MUSEUM, CHENNAI

On the third day on 15th February 2019, we set off in excitement to visit national museum at Chennai. It is one of Chennai's greatest privileges. The buildings of the museum were historical and enchanting. They reminded us the palaces of ancient princes. We explored several blocks. The archeology department was informative about the different kingdoms of Chola, Chera, Pandya, Pallava and Mauryas and also interesting. The sculptures excavated from our lands told the story of human being. The curiosity to know about ancient civilizations was abound while seeing those perfectly crafted sculptures. The bronze gallery was decorated with the presence of deities. We were dazzled to see Natesha and Nataraja engraved in bronze. There were foreign tourists actively enquiring about all those bronze figures. The paintings of Raja Ravi Varma attracted everyone with the originality and enchanting beauty. There were most of Ravi Varma's treasured collections and a lot of contemporary paintings in the art gallery. The students got the opportunity to know about several mediums of art like lithography, Oil painting etc. Science gallery and children's museum were equally amazing. The group saw Indian costumes, people etc there. Several plants were there blushing with brisk life. Spices, oils, perfumes, cosmetics... everything were there, and all of them served a wonderful feast to our eyes. The students experience the unity in diversity once more. The sight of musical instruments were mellifluous. Those ancient scriptures told several stories of untold past. They were mysterious and interesting. There were scripts like Brahmi which tend to sing the tales of past civilizations. The mysterious aura around all of them created a special atmosphere of wonders.

We said good bye to that yard of sights in the satisfaction of a morning well spent.

DAY THREE – Afternoon 15/02/2019, LOYOLA COLLEGE, CHENNAI

The next destination in our journey was Loyola college. The team reached there after our lunch. The atmosphere of Loyola was specialized with unique buildings. The group received a very warm welcome in the executive conference hall by the vice principal and IQAC co-ordinator. They interacted with us in a very friendly manner. Vice principal talked us about the principles, aims, objectives and dignity of the institution. The concept of learning is associated with social service in their college. Their aim itself is to generate men and women effective and useful to society and evoke social commitment in students. The motto itself gave a special energy: "Let your light shine". The students learned more about 'Loyola culture' through his speech. He also answered patiently to their doubts. He explained more about admission procedures like entrance examinations and interviews to get selection there. As an answer to the students' question, he explained about 'Incubation centre' and young minds' creative centre, 'Research park' in Loyola. IQAC co-ordinator Dr. Xavier explained us about study skills: critical thinking, active reading, effective note taking and strengthened writing. He inspired us with the quote of APJ: "I am the best, I can do it, god is always with me, I am the winner, and today is my day." The group were served with tea and snacks after the sessions. The enthusiastic and energetic group of us stepped outside to see various departments. Merely walking through the alleys brought a positive energy. The group visited the renowned Life Science department and Zoology department. We listened to the lectures about various zoological instruments using the principles of polymerised chain reaction, High power thin layer chromatography, atomic absorbant spectroscopy etc. There were motivational quotes sticked everywhere. It attracted the students even more. Like "Success never move away from you, unless you move away from it!" We talked a lot with Paul Raj sir, who is in-charge of research students. He is a very friendly and funny guy. More than a friendly talk, it was a transmission of cultures, and information transfer. He was our guide to show us the departments and the campus. We went to the fabulous church inside the campus. The architecture of the church is mind blowing. The whole group totally melted in that divine atmosphere. After that visit, we walked through the campus and saw library and several departments. We talked to malayali research scholars. They were very friendly and amazing. It was nice to know malayalis were here too.

END OF THE JOURNEY FOR THE BRGINNING OF A NEW ONE

Morning 16/02/2018

It was sad to say good bye to that peaceful atmosphere and positive energy. We finally said good bye to our last destination in the trip. We were all prepared to return back home. It was a long journey ahead. On the way we were sorted as five groups and given topics about role of youth in safe guarding national security, positive use of internet, improving the quality of institutions, social services, etc for Group Discussion. Each group presented their creative solutions after an active discussion with all of the credible details collected and ideas generated. Our group presented the ideas about role of youth in safeguarding national security. We took security in a wider aspect and explained deeper about it. After that session, everybody explained their feedbacks and experiences in the whole journey effectively. That was the last session in the journey. Everyone had gone to rest after that. After a night long journey, we reached our college at morning. We were in a special feel as if we are returning from a different world. We returned to our homes peacefully, bearing the thoughts of a long journey with a bunch of positive memories and motivation. Eventhough the students were exhausted of the journey outside, we had that spark of inspiration burning inside. On 16th February 2019 morning 9..00, the group reached in the college.

STUDENTS LIST FOR MOTIVATIONAL VISIT

Sl.No	Name	Permanent address	Course (BA/B.Sc/B.Com) with Main
1	MAJIDHA	Puthu Parambil(H), Unniyal, Niramaruthur PO 676302	B A Functional English
